Hi Mark, Fabulous. Absolutely FABULOUS SHOTS (of a great house I am unabashedly admiring....)
Thanks for getting the additional shots taken care of. They captured the angles perfectly, and made the landscaping look better than it does in real life! Please pass along my thanks to your team.

Stathis!!! We are pretty sure that it your virtual tour and phots amongst our agent's hard work was the reason our house sold so fast. You took amazing photos that made our house and yard look awesome! Thanks again for your expertise and fine professionalism!

Dear Theo: Thank you so much for taking the time to come out on a Saturday morning to do a Virtual Tour of our home. Also, thank you for forwarding us a copy of "the tour". We have just previewed it and it looks amazing! You certainly do a professional presentation. Chris and I are both very impressed with your level of excellence. Thank you so much for making our home look so beautiful. Now all we need is a buyer! Thank you again!

“ Theo, thank you very much for the wonderful services you provide. At the beginning, I was contemplating getting virtual tours for my listings, but after you showed me your work, I was impressed. Your virtual tours helped me sell the listings much faster. My clients were impressed with your courtesy, fast service and great picture resolution for their homes. The ease of accessing the virtual tour allows the buyers to see a 24 hour open house. The last listing you provided a virtual tour for, was sold in a few days. The buyer was from out of town who fell in love with the house when he saw the virtual tour. Thank you again Theo, and looking forward to continue working with you. ”

“ Theo, Thank you so much for the amazing photos and virtual tours! The quality is second to none and our clients are always impressed with your service. Your schedule is always accomodating for both us and our clients and the short turn-around time helps us get the photos and tours before the listing hits the MLS. We won't list a home without you! ”

“Theo, I must say that your pictures quality is outstanding and they were instrumental for selling our home sooner rather than later.”

“Theo, Please accept my sincere appreciation for the wonderful addition of your new virtual tour technology to my Ye Olde Walkerville Bed & Breakfast accommodations website. Previously, my site (with your previous virtual tour

technology) was recognized as superior to anything in the area and I realized very good business from that site. However, your new and dramatically improved virtual tour (especially the full screen view) has placed my site at a strata that I could not have imagined. I now receive unsolicited comments from almost every guest and their highest praise (after the gourmet breakfast, of course), is for the virtual tour. In fact, many guests state that it was the full screen virtual tour that finalized their decision to stay at my facility. With your new technology, you have increased my business and heaped even more praise on my efforts to improve customer satisfaction. Thanks again, and feel free to share my accolades with anyone seeking to dramatically improve their website!"
